PROFESSIONAL SUMMARY

Entry-Level Software Development Engineer with hands-on internship experience building production-grade web applications using Java, Spring Boot, React, and MySQL. Developed full-stack applications featuring JWT-based authentication, RESTful APIs, and Razorpay payment integration with responsive UI. AWS Cloud Practitioner Certified with proven ability to deliver end-to-end features across backend, database, and frontend layers. Seeking to contribute as an SDE-1 in a collaborative engineering team.

TECHNICAL SKILLS

Languages : Java, JavaScript

Frontend & UI : HTML, CSS, Tailwind, React

Frameworks & Libraries : Spring Boot, Spring Security, Hibernate, RESTful APIs

Database & Cloud : MySQL, MongoDB

Tools & Technology : Git, GitHub, Docker, Postman, Eclipse, IntelliJ IDEA

EXPERIENCE

Kodnest Technologies

Bengaluru, Karnataka, India

Software Development Intern

Jul 2025 – Jan 2026

- Contributed to Java-based web application development using Spring Boot and MySQL in an Agile environment.
- Implemented and optimized MySQL queries, improving data retrieval efficiency by 15%.
- Built and integrated RESTful APIs using Spring Boot, supporting core business functionalities.
- Delivered 3 production features end-to-end across Java backend, MySQL database, and React frontend within sprint deadlines.

PROJECTS

E-Commerce Platform

Jan 2026 – Present

GitHub: github.com/mdezajansari/ecommerce

- Developed a full-stack e-commerce application with product listing, shopping cart, and order management features.
- Implemented secure user authentication and role-based access for customers and admin using Spring Security.
- Designed RESTful APIs with Spring Boot for product, cart, and order management modules.
- Built a responsive React frontend with dynamic product filtering, search, and seamless checkout experience.
- Integrated Razorpay payment gateway for secure, real-time transaction processing with order confirmation notifications.

Employee Management System

Oct 2025 – Dec 2025

GitHub: github.com/mdezajansari/Employee-management

- Developed an EMS portal using Java and Spring Boot, featuring dedicated dashboards for Admin and Employee workflows.
- Implemented secure user authentication and role-based access for Employees and admin using Spring Security.
- Designed RESTful APIs for seamless CRUD operations for department management, salary tracking, and leave processing.
- Built a responsive React/Tailwind frontend UI with dynamic filtering and high-performance state management.
- Developed a Spring Data JPA-based system to manage payroll, leave requests, and department-wise reports.

EDUCATION

Technocrats Institute of Technology (Excellence), Bhopal

B.Tech, Computer Science and Engineering (Artificial Intelligence and Machine Learning)

Aug 2021 – June 2025

CGPA: 7.8/10

Munam Public School, Maharajgunj (Jharkhand)

Class-10th & 12th, CBSE / JAC board

Aug 2018 – May 2020

Percentage: 64/100

ACHIEVEMENTS

- Solved 130+ problems on CodeChef/GFG
- Solved 200+ DSA problems on LeetCode. [Link](#)

May 2024 – April 2027
